FEATURES

BENEFITS

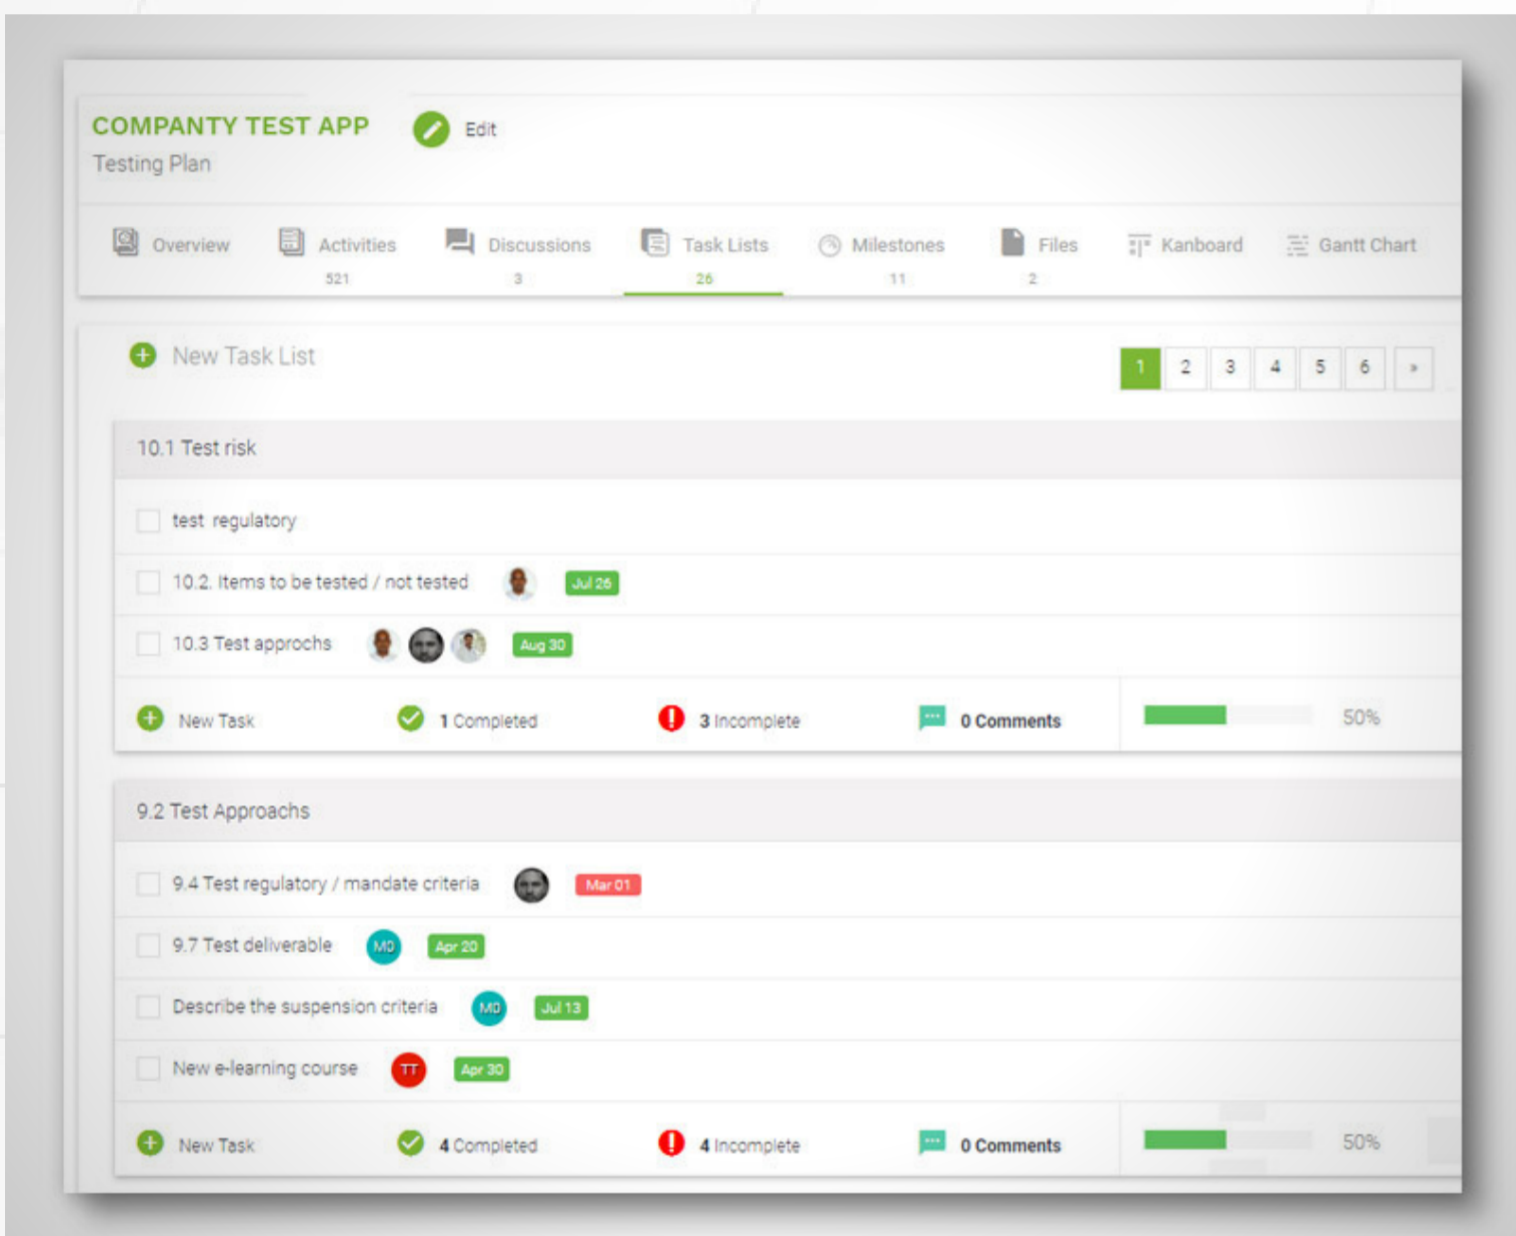

WHY PARADISO

# Project Management Features

## Overview dashboard

Get an overview of all your company projects, team members, to-do lists, tasks and more. Select projects, modify, filter and create the number of projects that you want.

## Task manager

Increase and control your productivity with a Project Management System. Create projects and assign them to the right team. You can easily keep a look on all your tasks.

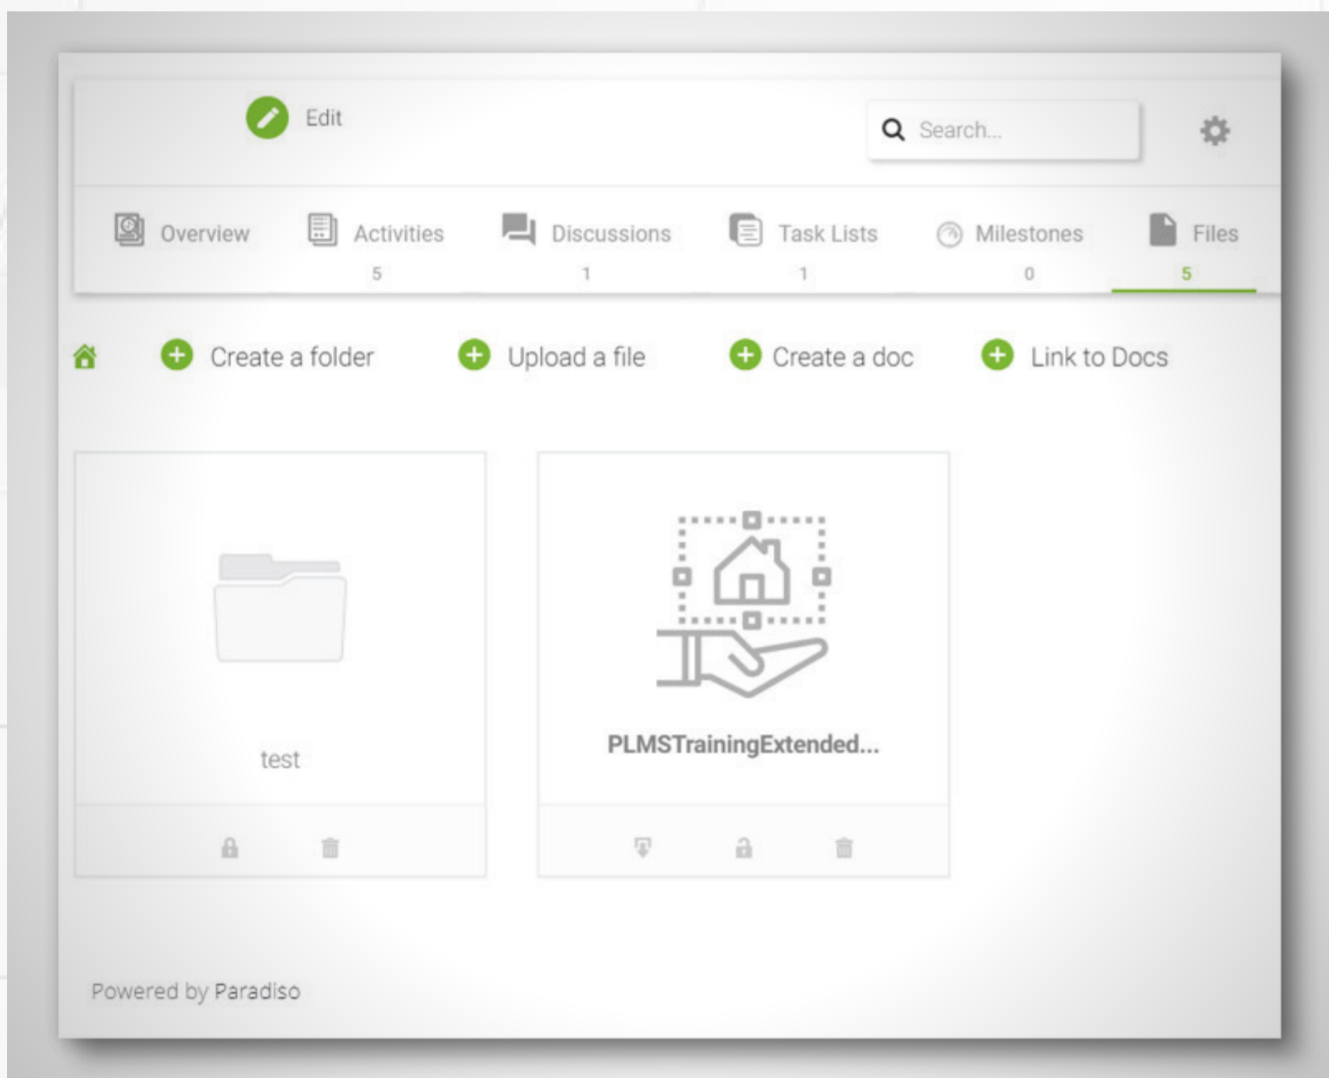

## Interactive calendar

Check the progress of your projects everyday. You can modify it according with your needs.

## Discussion forums

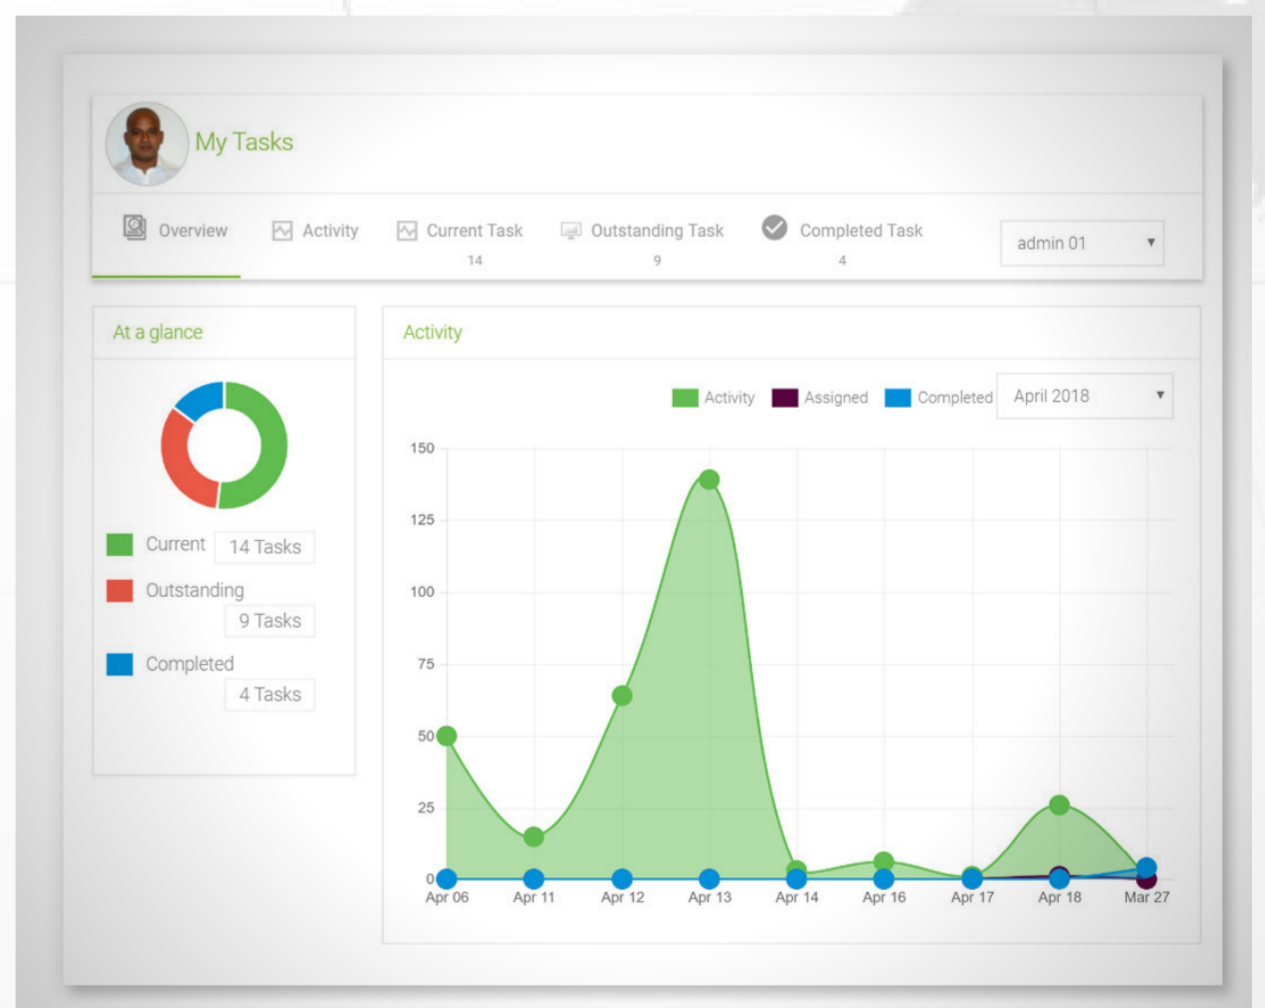

Keep the communication between your team members. Start receiving constant feedback and never lose a detail. Forums keep a dynamic process going and growing.

**Files and document management**  
 With this feature you can see all your files and documentations in one place. Keep everything in the right place and under your hands.

## Reports

Get all your projects estimations with Paradiso Project Management reports for completed tasks, user activities, milestones and more.

Don't miss any detail. Get a bigger picture of your projects, solo or as a team. Get better and interactive results with a software that adapts to your daily needs.

## SUBTASK

Divide your multiple tasks into small pieces so the work could be organized at maximum. Subtask app lets you know which specific part is not responding or is taking too long, that way you can fix and change it quickly.

## KANBAN BOARD

## GANTT CHART

The best visual view of tasks scheduled over time. Paradiso PPM helps to control, plan, coordinate and track specific tasks in any project.

## TIME TRACKER

Keep track in real time of your current projects. Our manager shows you where you are in terms of deadlines, resources and hours.

Empower your company with a Free  
Project Management Software

## Project Management Benefits

Among the main benefits that a Project Management Software comes with, some of the most important features needed are the accountability, visibility, organization and monitoring capacity.

Here are other benefits of a Project Manager Software:

- Improves internal and external communication.
- Monitoring.
- Constant communication with clients and suppliers.
- Assign projects to the right people at the right time.
- Proper budget management.
- Optimizations of decision making.
- Exceed your client expectations.
- Document sharing.

Start managing your projects now!

## Paradiso Project Management

### Why Paradiso Free Project Management Software?

A Project Management Software can help you save around 10% of your resources if you try it for at least 3 months with discipline. Your resources and time have been wasted in meetings, long email threads, repeating the same information to different groups, missing deadlines. Project management software will help you get as organized as you want.

#### Some of the biggest benefits:

- 300% Return-on-investment (ROI).
- Increase the efficiency and productivity.
- Improve the communication between the company.
- Promote teamwork and accountability.

**You have nothing to lose by trying our free project management software!**
